## A space for all people

The House of Encounter was the wish of the people of Eppelheim in a participation process in 2019.

The House of Encounter has been open since spring 2022.

The house is a lively place. Many people are there every week. The goal is for everyone to feel comfortable there.

## A space to create and implement ideas

Everyone is allowed to bring their ideas. Many have good ideas and together it is more fun.

In the House of Encounter, ideas/projects/groups can be developed and implemented together with others.

## A space for encounter and exchange

In the House of Encounter we learn from each other and with each other. Everyone knows something and can contribute. Respectful and appreciative cooperation is important.

## Participate

Everyone is invited to join. To join means to come to a group.

Joining can also mean starting a new group with others.

**The idea is to do something together!**

**Because: We are all different and we are all Eppelheimers.**

Different generations meet in the Haus der Begegnung.

People who have lived in Eppelheim for a long time and people who have lived in Eppelheim for a short time or not so long also meet.

**Participation is free of charge.**

## Location

The Haus der Begegnung is located at Hauptstraße 82.

It consists of three rooms, a fully-equipped kitchen, toilets and a small courtyard.

The rooms are equipped with chairs, tables, material, games for all ages and a play corner.
